বাঁধার অংগাঃ-

লোক সাহিত্যের একটি অন্যতম গুণ্ডা বল বাঁধা । অকল দেখে এই বাঁধার প্রচল ছিল যে কথা প্রমাণিত । অংক্রমে 'প্রহেলিকা' হিন্দিতে 'পহেলি' ও বাঙলায় 'হেঁয়ালি' এবং 'চলন্তিকম্বু' রাজকোষের বহু ছু জানিয়েছেন, বাঁধা হল 'কৌতু হল জনক ছুরাহু প্রক্স' । অ্যেংলো অ্যায়ন বাক Reading থেকে ইংরেজী Riddle বাকের উৎপত্তি আর বাঙলা দারি গোম্বা বাঁধা । 'বজীম্ব' বাককোষ' গ্রামে হরিচরণ বন্দ্যোপাধ্যায় বাঁধার গুর্থ নিধারণ করেছেন ।

□-আধারনত যে বাক্য দ্বারা রূপকের আরায়ে জিজ্ঞাসার আকারে একটি ভেব প্রকাশ করা হয় তাকে বলে বাঁধা । লোক অংক্রমিবিদ Durga Ghoshat বলেছেন, - "The middle incorporates a question primarily and an answer secondarily." আমাদের চারদিকে ছড়িয়ে ছিড়িয়ে আকা বহু- ভাবনাকে সুঅং বদন করে বাক্যের যে অংক্রিম রূপ বা আকার লক্ষ্য প্রকাশ পায় তাই বাঁধা । বাঁধার অর্থে দিখে প্রক্স কৰ্তা ছুহিয়ে যা একসিত করেন, উওরদাতাকে তা-ই ধুনে বলেতে হয় । প্রক্স ও উওর একসিত করেই হয় একটি ঘূর্নাঙ্গে বাঁধা ।

বাঁধার বৈশিষ্ট্যঃ-

⑤ বাঁধায় আবশ্যিকভাবে আকবে দুটি পক্ষ, আর অক পক্ষে, আর অক পক্ষে আকবে প্রক্স কৰ্তা - যিনি বাঁধার প্রক্সটি জিজ্ঞাসা করবেন এবং অন্য পক্ষে আকবে উওর দাতা, যিনি হয় উওরটি দেবেন, অশ্যমায় তাঁর অদারজতার কথা জানাবেন ।

PROJECT REPORT OF BENGALI DEPARTMENT

Project Report

Excursion and Field Project Report on Shantiniketan

Date: March 13-15, 2024

Introduction

This report details an excursion and field project undertaken by the students of Dhupguri Girls' College during the period of March 13-15, 2024. In this trip Shantiniketan, was our chosen destination. This town in West Bengal, brims with rich cultural heritage and has been associated with renowned poet Rabindranath Tagore.

Objectives

The primary objectives of the excursion and field project were:

To gain first-hand experience of Shantiniketan's cultural and historical significance. To study and document the educational philosophy and practices of Visva-Bharati University, founded by Rabindranath Tagore. To explore the art and craft traditions prevalent in and around Shantiniketan. To interact with the local community and understand their way of life.

Methodology

The three-day trip involved a combination of activities:

Visit to Visva-Bharati University: The students toured the university campus, including key landmarks like Tagore's residence (Thakur Bari), Kala Bhavan (art school), and the Central Library.

Interaction with Art: The students visited workshops of local artisans specializing in Shantiniketan's signature crafts like batik, pottery, and kantha embroidery. They interacted with the artisans to learn about the techniques and cultural significance of these crafts.

Cultural Performances: The students had the opportunity to witness traditional Bengali cultural performances like Baul music and dance. This provided insights into the local art forms and traditions.

Data Collection: Throughout the trip, students collected data through observations, photographs, and interviews with locals and university representatives. This data will be used to prepare a detailed report on their findings.

Results

The excursion to Shantiniketan proved to be a valuable learning experience for the students. They gained a deeper understanding of:

The educational philosophy of Rabindranath Tagore and its implementation at Visva-Bharati University. The rich artistic heritage of Shantiniketan, including the techniques and significance of local crafts. The cultural traditions and way of life of the local community. The collected data will be further analyzed to create a comprehensive report that will be submitted to the college.

Conclusion

The excursion to Shantiniketan served as a bridge between classroom learning and real-world experience. The students gained valuable insights into Bengali culture, art, and education. This exposure will undoubtedly contribute to their academic and personal development.

FIELD WORK COMPLETION CERTIFICATE
DHUPGURI GIRLS' COLLEGE, DEPARTMENT OF BENGALI

This is to certify that the students of Department of Bengali, 6th Semester, Dhupguri Girls' College, successfully participated in a field study tour to Shantiniketan and nearby locations, conducted from 13/3/2024 to 16/3/2024 to 2024, with a focus on folklore studies.

We believe this field study will serve as a valuable resource for their future academic pursuits and contribute to their overall development.

DEPARTMENT OF SOCIOLOGY SYLLABUS OF PROJECT WORK

SEC 1- 1st Semester
Sociology of Environment
Paper code- USOCSEC11001

Credit- 3
Full Marks- 75
Theory- 40
Practical- 20

Guidelines for practical exams- As a part of SEC practical exam, students are required to write an assignment/report within 500 words. The students can take up any One of the following for practical exam:

- i) A fieldwork based report within 500 words on a topic approved by the department. Students can collect data from the places or areas of their choice.
- ii) An assignment drawing data from secondary sources or critical analysis on the topic approved by the department.

Course objective:

From the social causes over environmental issues to the environmental movement, this paper allows us to learn in an introductory way about how the discipline approaches some of the most important problems and issue of our time. It is based on the premise that environmental problems and issues are social in their causes and in their consequences.

Unit 1: Environmental Sociology

1.1 Emergence, nature and scope.

Unit 2: Social Concerns over Environmental Issues

- 2.1 Population Explosion
- 2.2 Deforestation
- 2.3 Pollution
- 2.4 Global warming
- 2.5 Dams and displacements.

Unit 3: Environmental Movements and Approaches

- 3.1 Eco feminism
- 3.2 Political ecology
- 3.3 Forest based movement -Chipko movement
- 3.4 Water based movement – Narmada movement

Unit 4: Policy Prescription

- 4.1 Environmental policies and programs.

Project work in academic Session: 2023-2024

STUDENT NOTICE FOR PROJECT WORK

NOTICE

Date 22/11/2023

Topic : project work

This is to inform all students of 1st semester SEC , Paper code-USOCSEC11001, department of sociology that the project work on Sociology of Environment project topic has been scheduled as follows:

- **Project Title: Choose one of the following topics:**
 1. Deforestation .
 2. chipko movement .
 3. pollution.
- **Submission Date: 19/03/2024**
- **Time: 11:00 am – 1:00 pm**
- **Venue: Room No. 6, New Campus**

All students of SEC Sociology 2nd semester are required to attend and present their project work on the given topic. For any queries or concerns, please reach out to the Department of Sociology or the College Office.

Report on Forest Ecosystem

FOREST ECOSYSTEM

3 Major Forest Ecosystems

Project Topic- Forest Ecosystem

INTRODUCTION:

A forest ecosystem is an ecosystem of forests and resources. Forests are renewable natural resources. Forests are formed by a group of plants that are structurally defined by their trees, shrubs, herbs, climbers, and ground cover. Soil, animals, insects, microorganisms, and birds are the most important interacting units of a forest ecosystem.

CHARACTERISTICS OF FOREST ECOSYSTEM:

A forest ecosystem may be deciduous or evergreen, or it may be a mix of both. The trees of a deciduous forest shed the leaves during the winter season, whereas evergreen trees always remain green. The canopy layer is one of the most distinguishing characteristics of a forest ecosystem.

AIMS & OBJECTIVES OF TREE PLANTATION:

To create green belt and avenues for meeting aesthetic recreational needs to the people. To beautify the areas for scenic beauty. To reduce the surface run-off discharge and checking soil erosion along the embankments. To reduce temperature and increase humidity

DHUPGURI GIRLS' COLLEGE

E-mail : dhupgurigirlscollege1@gmail.com * Website : www.dhupgurigirlscollege.ac.in

Ref. No.....

Date.....

Continue...

COMPONENTS OF FOREST ECOSYSTEM:

The trees, shrubs, herbs, climbers, and ground cover that make up a forest are architecturally distinct from one another. Soil, animals, insects, bacteria, and birds are the forest ecosystem's most essential interacting components. Forests cover around 18-20% of India's total land area.

IMPORTANCE OF TREE PLANTATION:

Tree plantation is important because it provides fresh fruits, vegetables, nuts, and other foods for the survival of life on Earth. They are the producers and the source of food energy for all living things to survive, as they are at the bottom of the food chain

SERVICE PROVIDED BY THE FOREST:

- Control flow of water
- Watershed Protection
- Prevent soil erosion
- Control Temperature.
- Water Level

CONSERVATION OF FOREST ECOSYSTEM:

- Use resources carefully
- Afforestation
- Control Pollution

Be a part to keep
the balance of the Forest Ecosystem

LEARNING OUTCOMES:

Planting trees in schools is a great way to learn about the earth in a hands-on way. Students not only learn about the value of trees in Preventing climate change, improving air quality, and preserving biodiversity but they also plant and care for saplings, which gives them hands-on experience.

CONCLUSION:

Trees have a lot of importance in our lives, and it provides seamless service for the environment. We have somehow not protected them and perhaps that is why as on today we are being affected by global warming, severe pollution and other ill effects of deforestation.

DEPARTMENT OF HISTORY SYLLABUS OF PROJECT WORK

← FYUG MAJOR.pdf

Guidelines for End-Semesters & Internal Assessments

The evaluation of the students will be a continuous process and will be based on their performances in Internal and the End Semester Examination. The Teachers of the Department will conduct all the internal continuous evaluations. It will be based on a combination of Mid Term Tests and Reports or Seminar Presentations or Class Tests, and Field Work, spread over the entire period of study. The modalities of such assessment be recorded and the respective college will preserve documents and those must be placed before a Committee or Team constituted by the University for verification purposes if required. The Internal Assessment marks will be communicated to the Examination Branch of the University at least ten (10) days before the commencement of the University Examinations. After filling in of University examination forms, if the College does not upload a student's internal marks, University will award a minimum of 2 marks for attendance and the marks obtained will be carried over in case the students fail to pass the course(s)

Note: A student to be eligible for appearing at any of the Semesters of the Undergraduate Examination must have minimum 75% attendance of lectures delivered. Award of 05 (five) marks on class attendance will be given in the following manner:

Attendance of 75% and above but below 80%-- 02 marks

Attendance of 80% and above but below 85%-- 03 marks

Attendance of 85% and above but below 90%-- 04 marks

Attendance of 90% and above-- 05 mark

All question papers of Major Course and Skill Enhancement Courses (SEC), will only be in English version, except for vernacular subjects. All question papers on Minor Courses, Multidisciplinary Courses, and Value Added Courses will be in English/Bengali/Nepali versions and Hindi versions only for Hindi Medium Colleges.

Note: All SEC examinations will consist of Theoretical (40 marks) and Practical Components (the latter will have to contain Fieldwork / Project as per the UGBOS)

- Question Pattern for MAJ, MIN & MDC (Theoretical) For 60 Marks

Sl.No	Questions to be answered	out of	Marks of each question	Total Marks
1	4	6	3	4X3=12
2	4	6	6	4X6=24
3	2	4	12	2X12=24

- Question Pattern for SEC (Theoretical) For 40 Marks

Sl.No	Questions to be answered	out of	Marks of each question	Total Marks
1	5	8	1	5X1=5
2	3	5	5	3X5=15
3	2	4	10	2X10=20

PROJECT REPORT BY DEPARTMENT OF HISTORY AY-2023-2024

Report on Akshay Kumar Maitreyee Museum Visit at North Bengal University

Tour Date: - 15.05.2024

Objective of Museum Visit: -To enhance knowledge and understanding of art, culture, historical artifacts and interactive displays. This kind of tour helps students to gain insight into diverse cultures, traditions, and historical events. It also teaches students to share experiences and create memories with friends, family or classmates.

Participants: A total of 34 students from History Department, 1 non teaching staff member, 2 male teachers, and 2 female teachers participated in this educational museum tour.

Program Schedule:

- 11:30am–Arrival at A.K.M Museum
- 12:00pm–interactive session with museum curator
- 1:30pm–TimeforLunch
- 2:30pm– N.B.U Dept.of History &Campus visit
- 3:30 pm–Departure from A.K.M Museum to D.G.C

Program Outcome:

- Students gained insight into the region's rich cultural heritage and history.
- The tour showcased various art forms, sculptures, and artifacts.
- Interactive sessions with curator provided in-depth knowledge and clarification on queries.
- Students developed an appreciation for the importance of preserving cultural heritage.

Conclusion:-The educational tour to AKM Museum was a successful endeavor, enriching our students' knowledge and appreciation for art, culture, and history. We look forward to organizing similar programs in the future.

CHAPTER-I

Progress of Sustainable Development Goals in India

1.1. Introduction

Sustainable Development has become the buzz word of the international community. The struggle for growth and excellence has created imbalance in the economic development among countries, depleted some of the natural resources and has thus altered the ecological balance. Since this threatens the very existence of human life on earth, a course of action that would ensure a safe environment for future generations has become the need of the hour. Sustainable development is a term coined to ensure that development takes place in such a way that natural resources are sustained and passed on to the future generations unimpaired. Seventeen Sustainable Development Goals (SDGs) aimed to build a more prosperous, more equal, and more secure world by the year 2030 have been developed. They have been adopted by 193 Member States at the UN General Assembly Summit in September 2015 as a part of their agenda for Sustainable Development. India is a signatory to this summit and is strongly committed to the 2030 agenda.

At this juncture this paper makes an attempt to understand the challenges encountered by India in achieving the Sustainable development goals. The paper also makes an attempt to suggest measures to overcome the challenges.

1.2. The Sustainable Development Goals

The Sustainable Development Goals (SDGs) which came into effect on 1 January, 2016 is an improvement on the Millennium Development Goals (MDGs)¹. In India, as far as MDGs are concerned, considerable progress has been made in the field of basic universal education, gender equality in education, and global economic growth. However there was slow progress in the improvement of health indicators related to mortality, morbidity, and various environmental factors contributing to poor health conditions². With SDGs in place the Indian government is now trying to integrate the efforts taken towards achieving MDGs with SDGs. SDGs are wider in scope. The 17 SDGs are as follows. Sustainable Development Goals have been built on the universal principle of 'leave no one behind' As far as India is concerned, the national development goals of India, converge well with the SDGs and India is expected to play a leading role in determining the success of the SDGs, globally.

Table -1: Sustainable Development Goals

Goal 1	End poverty in all its forms everywhere
Goal 2	End hunger, achieve food security and improved nutrition and promote sustainable agriculture
Goal 3	Ensure healthy lives and promote well-being for all at all ages
Goal 4	Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all
Goal 5	Achieve gender equality and empower all women and girls
Goal 6	Ensure availability and sustainable management of water and sanitation for all
Goal 7	Ensure access to affordable, reliable, sustainable and modern energy for all
Goal 8	Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Goal 9	Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation
Goal 10	Reduce inequality within and among countries
Goal 11	Make cities and human settlements inclusive, safe, resilient and sustainable
Goal 12	Ensure sustainable consumption and production patterns
Goal 13	Take urgent action to combat climate change and its impacts*
Goal 14	Conserve and sustainably use the oceans, seas and marine resources for sustainable development
Goal 15	Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
Goal 16	Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels
Goal 17	Strengthen the means of implementation and revitalize the global partnership for sustainable development

1.3 Progress of Sustainable Development Goals in India

The 2030 Agenda also underscored the fact that quality, reliable and disaggregated data would be needed for measurement of progress on the targets and for ensuring that "No One is Left Behind". The Government is committed to ensuring "Sabka Saath, Sabka Vikas, Sabka Vishwas" in the spirit of the Sustainable Development Goals' motto of "Leaving No One Behind". The concept of sustainability dates back many centuries. However, with the recent global awareness of the fact that the impact of human interventions on nature is out-weighting

Continue..

its renewal process, this idea has been incorporated in the global political agenda (Leal Filho et al., 2018). So much so, that the United Nations in 2015 proposed a set of 17 goals with 169 targets popularly known as the Sustainable Development Goals (SDGs) to be achieved by 2030 by all its member states. Prior to this, the Millennium Development Goals (MDGs) were incorporated between 2000 and 2015. MDGs consist of eight goals to reduce poverty, and child mortality, HIV/AIDS and other diseases, improve maternal health, promote education, gender equality and to conserve the environment, and promote global partnership among nations. The SDGs, also known as the 2030 Agenda, on the other hand, primarily aims to deliver more importance to the provision of food and water, inequality in the distribution and allocation of resources, environmental problems and importance of policy implementation as a means to achieve sustainability more effectively than the MDGs (Pradhan, Costa, Rybski, Lucht, & Kropp, 2017).

According to the SDG Index and Dashboard global report 2020, India ranked 120 and 116 out of 157 nations in 2020 and 2017 respectively, behind Nepal, Sri Lanka, Bhutan and China. Like many other developing countries, India's role to promote sustainable development has been overshadowed by the unavailability of basic infrastructure (Rao, 2015), rising food insecurity (Vani et al., 2017) and degrading environment quality (Gurjar, Ravindra, & Nagpure, 2016). At a sub-national level, Kwatra et al. (2016) have combined social, economic and environmental sustainability index to formulate a Sustainable Development Index of India and have concluded that better performance of sustainable development is visible in states with higher economic sustainability. There exist rural-urban inequalities at both state and district level in the allocation of sustainable access to water and sanitation infrastructure (Chaudhuri & Roy, 2017). Although India's performance in providing access to improved water is achieved at a national level, the condition needs inspection at its lower administration level, especially in rural areas.

1.4 Objectives: overall development in all the sectors like social, economic, environmental sector needs an inclusive planning to attain the agenda 2030.

1. Analyze the performance of India at state level in the 17 indicators of sustainable development goals.
2. Assessing the progress of development year wise.
3. Analyze the performance of sustainable development goal-4 in India at state level.

1.5. Methodology: The first edition of the SDG India Index was launched in December 2018, using 62 indicators from 39 targets across 13 SDGs; Goals 12, 13, 14, and 17 had to be left out owing to the lack of indicators for which State-wise data was available. The second edition of the Index covering all the 17 Goals and 54 targets, launched in December 2019, was more broad in coverage with 100 indicators: 68 completely aligned with the National Indicator Framework (NIF), 20 refined, and 12 from other official government sources. The third and current edition (Index 3.0) marks an improvement over the 2019-20 edition with a wider coverage of targets. The Index offers insights into social, economic, and environmental status of the country and the States/UTs in their march towards achieving the SDGs. Index 3.0 is based on the framework of 17 SDGs and 169 targets. The Index estimation is based on data on indicators for the first 16 goals while a qualitative assessment has been made for Goal 17. It is constructed using 115 indicators which cover 70 targets from 16 Goals.

Composite Index method has been used to find out the state/UTs index score by using the following formula.

$$X_{\text{new}} = ((X_i - X_{\text{min}}) / (X_{\text{max}} - X_{\text{min}})) * 100$$

where, X_{new} is the normalized value of the indicator, X_i is the original value of the indicator, X_{min} and X_{max} are the minimum and maximum value of the indicator from the total observations.

1.6. Result and Discussion: The composite score for each State/UT was computed by aggregating their performance across the goals, by taking the arithmetic mean of individual goal scores. The composite score ranges from 0 to 100 and denotes the overall achievement of the State/UT in achieving the targets under the Goals. A score of 100 implies that the State/UT has achieved the targets set for 2030; a score of 0 implies that the particular State/UT is at the bottom of the table. The SDG India Index 3.0 score for the States ranges between 52 and 75; for the UTs it belongs to the 62 to 79 band. This presents a notable improvement from 2019-20, when the scores varied between 50 and 70 for the States and 59 and 70 for the UTs. Kerala retained its rank as the top State with a score of 75. Chandigarh too maintained its top spot among the UTs with a score of 79. Tamil Nadu and Himachal Pradesh took the second spot while Goa, Uttarakhand, Karnataka and Andhra Pradesh shared the fourth spot on the table. The composite score for India improved, from 60 in 2019-20 to 66 in 2020-21. This indicates

that the country overall has progressed forward in its journey towards achieving the SDGs. Nine Goals drive the positive push - 3 (good health and well-being), 6 (clean water and sanitation), 7 (affordable and clean energy), 10 (reduced inequalities), 11 (sustainable cities and communities), 12 (responsible consumption and production), 13 (climate action), 15 (life on land), and 16 (peace, justice, and strong institutions), where India has scored between 65 and 99. Two goals - 2 (zero hunger) and 5 (gender equality) demand special attention, as the overall country score is below 50. However, 9 States in Goal 2 and 12 States in Goal 5 moved out of the Aspirant category this year as compared to 2019-20. In the other five goals (excluding 14 - life below water, which applies only to 9 coastal States, and 17 - partnerships for the goals, which is qualitatively analysed), the overall score lies between 50 and 64, including both, indicating the scope for significant improvement in the coming years. While in 2019-20, 10 States/UTs belonged to the category of Front Runners (score in the range 65-99, including both), 12 more States/UTs find themselves in this category in 2020-21. Uttarakhand, Gujarat, Maharashtra, Mizoram, Punjab, Haryana and Tripura graduated to the category of Front Runners (scores between 65 and 99, including both). Goal 6 has the highest number of Front Runners with 25 States in this category while Goals 5 and 9 have the highest Aspirants with 14 States each. In SDG 3, SDG 10, SDG 11 and SDG 12, the country score has moved from the Performer category to the Front Runner category. Among them, Goal 11 has seen the biggest movement from 53 in 2019-20 to 79 in 2020-21. All States have improved their score within a range of 1 to 12 points. Mizoram, Haryana, and Uttarakhand are the top gainers in 2020-21, in terms of improvement in score from 2019, with an increase of 12, 10 and 8 points, respectively. For Mizoram, the biggest jumps are in SDG 1 (+13), SDG 3 (+27), SDG 7 (+19), SDG 12 (+37), SDG 13 (+21) and SDG 16 (+18). In the case of Haryana, the five goals with biggest improvement are SDG 1 (+22), SDG 7 (+23), SDG 10 (+14), SDG 11 (+32), SDG 12 (+38). For Uttarakhand, the largest rise are in SDG 1 (+10), SDG 3 (+19), SDG 7 (+22), SDG 10 (+18), SDG 11 (+25) and SDG 12 (+32).

REPORT ON POLITICAL PARTICIPATION & WOMEN EMPOWERMENT

Report on Political Participation and Women Empowerment

Introduction

Political participation and women empowerment are crucial aspects of societal development and gender equality. This report examines the current status, challenges, and impacts of women's involvement in politics, and explores strategies for enhancing their empowerment through political engagement.

Current Status of Women's Political Participation

Globally, women have made significant strides in political participation over the past few decades. According to recent data from the Inter-Parliamentary Union (IPU) and UN Women, as of 2023, women constitute approximately 26.7% of national parliamentarians worldwide. While this represents progress, it also underscores the persistent gender gap in political representation.

Challenges Faced by Women in Political Participation

Despite advancements, women encounter various challenges that hinder their full participation in politics:

1. **Structural Barriers:** Political systems often favor men, with entrenched patriarchal norms limiting women's access to leadership positions.
2. **Societal Expectations:** Gender stereotypes and cultural norms can discourage women from seeking political office, perpetuating a male-dominated political landscape.
3. **Violence and Harassment:** Women politicians frequently face intimidation, harassment, and violence, both online and offline, deterring their involvement in public life.
4. **Limited Resources:** Financial constraints and lack of support networks pose additional hurdles for women aspiring to enter politics.

Impacts of Women's Political Empowerment

Empowering women politically yields numerous benefits:

1. **Policy Prioritization:** Women leaders often prioritize issues such as healthcare, education, and social welfare, contributing to more inclusive and equitable policymaking.

Ref. No.....

Date.....

Continue..

2. **Representation:** Increased representation of women in politics enhances democratic legitimacy and ensures diverse perspectives are reflected in decision-making processes.
3. **Role Models:** Women in political roles serve as role models, inspiring future generations and challenging gender stereotypes.
4. **Economic Development:** Gender-balanced leadership correlates with improved economic outcomes, as diverse perspectives foster innovation and sustainable development.

Strategies for Enhancing Women's Political Empowerment

To advance women's political participation and empowerment, policymakers and stakeholders should consider the following strategies:

1. **Legal Reforms:** Enactment and enforcement of gender-sensitive laws and electoral reforms that promote women's candidacy and electoral success.
2. **Capacity Building:** Provide training, mentorship, and leadership programs to equip women with the skills and confidence needed for political leadership.
3. **Campaign Finance Reform:** Implement measures to ensure equitable access to campaign financing, reducing financial barriers for women candidates.
4. **Awareness and Advocacy:** Raise public awareness about the importance of gender equality in politics and advocate for inclusive political processes.
5. **Support Networks:** Establish networks and platforms for women politicians to share experiences, collaborate, and advocate for gender-responsive policies.

Conclusion

Enhancing women's political participation is essential for achieving gender equality and inclusive governance. By addressing structural barriers, promoting supportive policies, and fostering a conducive environment for women in politics, societies can harness the full potential of women as agents of change and progress.
