Report of the Programme

Title: Empowering Rural Women through Self-Help Groups: A Report on Dhupguri Girls' College NSS Unit's Initiative on 21.03.23

The NSS unit of Dhupguri Girls' College, in collaboration with Sfulingo '**Self Help Cooperative Society**', recently visited an adopted village to empower rural women through self-help groups (SHGs). During the visit, members engaged in discussions with village women to understand their challenges and the process of establishing SHGs.

The conversations shed light on the remarkable efforts undertaken by these women to establish SHGs, enabling them to become economically independent. Through pooling resources and collective decision-making, these SHGs have created a supportive environment for skill development, entrepreneurship, and access to financial services.

Furthermore, the SHGs have facilitated the provision of various facilities to enhance the quality of life in the village, including access to education, healthcare, and sanitation. Additionally, the women shared stories of empowerment, highlighting how SHGs have not only improved their economic status but also instilled confidence and leadership skills. Overall, the visit underscored the transformative impact of SHGs in rural communities and highlighted the importance of continued support and collaboration to sustain.

We are thrilled to share our successful venture at Piyush Kanti College, Alipurduar, for the NSS exchange program. Here are the highlights of our enriching experience:

- 1, Swachh Bharat Abhiyan: Together, we conducted a successful Swachh Bharat Abhiyan, contributing to the cleanliness and hygiene of the college premises
- 2, Student Counseling and NSS Orientation: We organized student counseling sessions and an NSS orientation program, empowering students with knowledge and guidance for their future endeavors.
- 3, Community Engagement: Our volunteers explored the lifestyle of villages near the Torsa River area, gaining valuable insights into their way of life and challenges they face.
- 4, Empowerment Initiatives: Recognizing the importance of confidence-building, especially among our female students, we organized visits to nearby river areas to instill strength and empowerment.
- 5, Collaborative Efforts: In our quest to strengthen the NSS unit, we reached out to Ichcedana NGO and P.K. Mukherjee College, inspiring them to join hands through a Memorandum of future collaborative projects. Today they did a MOU.

Report on Swachhata Abhiyan at College Para, Dhupguri

On May 17, 2024,

Dhupguri Girls' College, in collaboration with the NSS Unit and Icchedana NGO, conducted a Swachhata Abhiyan in our adopted village of College Para, Dhupguri. The primary objective of this mission was to eradicate the widespread presence of Parthenium, a harmful weed, and to raise awareness among the villagers about its detrimental effects.

A team of dedicated volunteers and students participated in the drive, covering a broad area infested with Parthenium. The weed's removal was essential due to its severe impact on human health and the environment. Parthenium can cause respiratory issues, skin allergies, and negatively affect agricultural productivity.

The volunteers engaged with the villagers, explaining the health risks associated with Parthenium and the importance of maintaining a clean and healthy environment. Informative sessions were conducted to educate the community about effective ways to control and prevent the growth of this invasive species.

The Swachhata Abhiyan was a resounding success, with significant areas cleared of Parthenium and increased awareness among the villagers. This initiative highlighted the power of community participation in fostering a healthier and cleaner environment, reinforcing the importance of collective action in tackling environmental issues.

Health Harmony Project Report.

Event No. 1

DATE - 02.06.24

The NSS Unit of Dhupguri Girls' College launched the "Health Harmony Project" with a successful first event. While at Dhupguri's busy market, we rescued Jotsna Sarkar, a 50-year-old woman suffering from a sudden illness. We brought her to our new college campus, administered first aid, and contacted her son. He arrived from Salbari and admitted her to Dhupguri Rural Hospital. This prompt action highlights our commitment to community health and support.

Event No. 2

DATE - 11.06.24

The NSS Unit of Dhupguri Girls' College continues its dedicated efforts under the "Health Harmony Project." In our second event, we assisted Rokeya Begam, a 48-year-old resident of our adopted village, College Para, who was suffering from severe chest pain. Given her poor financial condition, we took her to Siliguri to see Dr. Pronomita Ghosh. She was referred to an orthopedic specialist. Assistant Police Commissioner Farukh Choudhary and his team provided significant support, facilitating her treatment at North Bengal Medical College. Rokeya underwent an X-ray and is scheduled for an MRI next Friday. ACP Farukh has generously housed her in his rented apartment for four days to ensure her ongoing treatment. This collaborative effort underscores our commitment to community welfare and the importance of multi-agency support in health crises.

Report on Swachhata Avian and Parthenium Removal Program by Dhupguri Girls' College NSS Unit

The NSS unit of Dhupguri Girls' College, in collaboration with Ichcedana and Jalpaiguri Kriasi Bigyan Kendra, organized a comprehensive Swachhata Avian and Parthenium Removal Program aimed at enhancing environmental cleanliness and raising awareness among villagers. The initiative involved active participation from dedicated volunteers who undertook parthenium removal activities and engaged in community outreach.

The program commenced with a rally that started from the main college campus and traversed through the college para, culminating in the nearby villages. This rally served as a vibrant platform to spread awareness about the harmful effects of parthenium and the importance of maintaining cleanliness in the surroundings. Volunteers distributed informational pamphlets and interacted with villagers to educate them about sustainable practices for environmental hygiene.

In addition to the awareness drive, extensive efforts were made to physically remove parthenium weeds from identified areas. The volunteers, equipped with necessary tools and protective gear, diligently cleared the invasive species, contributing significantly to improving the local ecosystem's health.

The collaborative effort between Dhupguri Girls' College NSS unit, Ichcedana, and Jalpaiguri Kriasi Bigyan Kendra underscored the importance of community engagement in environmental conservation. Through this initiative, not only were tangible steps taken towards cleaner surroundings, but a lasting impact was also made by fostering a sense of responsibility and environmental stewardship among the participants and the local community.

Overall, the Swachhata Avian and Parthenium Removal Program exemplified effective community mobilization and collaborative action towards achieving sustainable environmental practices.

Report on Swachhata Abhiyan at College Para, Dhupguri

On May 17, 2024,

Dhupguri Girls' College, in collaboration with the NSS Unit and Icchedana NGO, conducted a Swachhata Abhiyan in our adopted village of College Para, Dhupguri. The primary objective of this mission was to eradicate the widespread presence of Parthenium, a harmful weed, and to raise awareness among the villagers about its detrimental effects.

A team of dedicated volunteers and students participated in the drive, covering a broad area infested with Parthenium. The weed's removal was essential due to its severe impact on human health and the environment. Parthenium can cause respiratory issues, and skin allergies, and negatively affect agricultural productivity.

The volunteers engaged with the villagers, explaining the health risks associated with Parthenium and the importance of maintaining a clean and healthy environment. Informative sessions were conducted to educate the community about effective ways to control and prevent the growth of this invasive species.

The Swachhata Abhiyan was a resounding success, with significant areas cleared of Parthenium and increased awareness among the villagers. This initiative highlighted the power of community participation in fostering a healthier and cleaner environment, reinforcing the importance of collective action in tackling environmental issues.
