

DHUPGURI GIRLS' COLLEGE

The Eco club established in 2023, aims to foster environmental awareness, sustainable practices and eco-friendly initiatives among students and staff. Through a range of activities such as educational workshops and awareness campaigns we encourage and implement sustainable practices within the college campus. We also celebrate important occasions such as Earth Day and World Environment, the Eco club seeks to promote environmental awareness and a sense of responsibility to words our planet we also promote waste reduction, conservation through, recycling programs, energy conservation, water saving initiatives and plastic pollution control.

Aims & Objectives:

To create environmental awareness among the college students for environmental improvement and to inculcate the culture of eco friendliness and environmental conservation among them. To conduct various environmental campaigns involving various schools and colleges.

Scope:

Dhupguri Girls' college is keen to promote Environmental protection and for this reason the IQAC of the college has proposed the formation of this Eco club in the college 2023. Eco club is a kind of club where we are promoting student community to be a part of campus, beautification, conservation and cleaning initiatives. Eco club also advise IQAC for various energy audit initiatives and promote environmental awareness both beyond and inside the campus.

Formation of Eco club:

Eco club is formed in IQAC meeting on 22/11/2023. Respect of the importance of this club in the college and all the various tasks of the committee are discussed. The convener and other members of this committee are selected under the supervision of the principal and IQAC Co-Ordinator.
